International Developmental Pediatrics Association:

The International Developmental Pediatrics Association (IDPA) was formed at the 1st IDPA Congress in Istanbul in 2015. The mission of IDPA is to create an international scientific platform to connect and support clinicians, researchers and policy makers working in the field of Developmental Pediatrics and Allied Disciplines from around the world, especially from low and middle income countries.

The IDPA Congress will be held every two years around the International Day of Persons with Disabilities, December 3rd, in a low or middle-income country. www.developmentalpediatrics.org
